

## Check Claim Status

The **Check Claim Status** tab is used to check on submitted, but unpaid claims. You can search by various methods such as: date range, specific date, specific insurance companies and/or all submitted claims.

**ClaimX uses an advanced feature called "Watch Dog" which examines insurance payments and calculates average days until payment is usually met – highlighting those that are "past due"**

Check	Da...	Claim ...	Status	Est	mt D...	Patien	Ins Co	Amount
